Explore Clarios' global battery portfolio--VARTA®, OPTIMA®, LTH®, Heliar®, Delkor®, and MAC®--delivering trusted power across every region and

We're driving value through making 100% of our batteries recyclable with closed-loop operations in key regions and best-in-class cost structures. Our strong free cash flow allows multiple levers for

HANOVER, Germany, Aug. 18, 2025 /PRNewswire/ -- Clarios, a global leader in advanced energy storage solutions, today announced a significant expansion of

Clarios, a global leader in low-voltage battery technology, has secured a significant contract with a major automotive manufacturer to supply its advanced Supercapacitors in a 12V and

Clarios, a global leader in advanced, low-voltage battery technologies for mobility, has been recognized by Ethisphere, a global leader in defining and advancing

Clarios manufactures standard lead-acid, more robust EFB, and particularly powerful AGM batteries under its Varta Automotive brand,

From Hanover, Germany comes the news that the battery manufacturer Clarios is investing approximately EUR 200 million in its European plants between 2022 and 2026, with the

/PRNewswire/ -- Clarios, the Wisconsin-based global leader in low-voltage energy storage, announced a \$6 billion plan expected to expand U.S.

Who Can Benefit? Clarios Connected Services empowers fleets, OEMs, and repair shops with real-time data and predictive insights to enhance performance and

The hefty investment by Clarios over the next 10 years includes almost \$2 billion for improved battery recycling, which is both environmentally

Clarios Connected Services signs agreement after successful pilot with European heavy duty fleet operator.

Idle reduction solution cuts

Clarios, a global leader in advanced low-voltage battery solutions, and Altris, a pioneer in sustainable sodium-ion battery technology, announced

Battery manufacturer Clarios revealed it is investing EUR 200 million (approx. \$223,721,000) in its European plants between 2022 and 2026, to continuously expand its production

About Clarios Clarios is the global leader in advanced, low-voltage battery technologies for mobility and owner of the VARTA brand in the

Clarios has a robust portfolio of innovative technologies. Manufacturing over 150 million advanced, low-voltage batteries each year, we power nearly every type

GLENDAL, Wis., March 3, 2025 - Clarios, the Wisconsin-based global leader in low-voltage energy storage, announced a \$6 billion plan expected to expand

Clarios said conventional and EFB batteries for OEMS previously made in Hanover will in future be produced at its Spanish sites in Burgos and in the battery case plant in Ibi. Equipment

Clarios plant leaders and teams are leveraging new technologies to further advance our longstanding commitment to sustainability within our facilities. We're using cutting-edge generative artificial

The battery manufacturer Clarios invests approximately EUR200 million in its European plants and is thus expanding continuously its production

Clarios is investing approximately EUR 200 million in its European plants between 2022 and 2026, with the goal of continuously expanding its

Clarios acquires Maxwell Technologies to boost supercapacitor energy storage solutions for mobility, grid, and industrial applications.

Clarios creates the most advanced battery technologies for nearly every type of vehicle. We are a global leader in advanced energy storage solutions.

Enter Clarios Energy Storage--the unsung hero bridging the gap between energy generation and real-world usage. As global demand for reliable power solutions skyrockets, Clarios
