

Enercap by apex energy

Enercap's supercap based energy storage's non-degrading, long lasting attribute along with the ability to operate in wide temperatures, allows it to deliver consistent and predictable

Enercap's storage's non-degrading attribute allows it to deliver consistent and predictable capacity over its 25-year life cycle, which is essential

Dubai, United Arab Emirates Dubai based supercap energy storage manufacturer Enercap Holdings and Abu Dhabi based Apex Investments PSC, have formed a joint-venture to build

Demand for utility-scale energy storage is growing rapidly across the globe as more renewables integrate into the energy mix. As a result, Enercap

UAE firms Enercap Holdings and Apex Investments have formed a joint-venture to build 16GWh per year supercap energy storage - which will host

Supercap energy storage, developed by Enercap in the UAE, meets these demanding requirements - long life, no capacity degradation, safe,

EPointZero, the decarbonization arm of global investment platform 2PointZero, has announced a landmark agreement for the acquisition of a 1 gigawatt-hour (GWh) battery energy

Enercap Holdings is thrilled to welcome Luis Manuel Gonzalez, CEO of Grupo Drako from Mexico, to our state-of-the-art facilities. Together, we're forging new paths in energy innovation and sustainability.

Apex Investment's wholly-owned subsidiary, Apex Energy, entered a memorandum of understanding with joint venture partner Enercap SPV to set up 35 gigawatt-hours of manufacturing capacity at...

Enercap and Apex Investments announce a joint venture to build the world's largest supercap energy storage facility in the UAE, meeting global

As part of this collaboration, Enercap Energy Holding Limited, the joint venture, will establish a fully automated 10 GWh/year manufacturing facility

17 September 2024 Dubai-based supercap energy storage manufacturer Enercap Holdings and Abu Dhabi-based Apex Investments PSC have formed a joint

Dubai based supercap energy storage manufacturer Enercap Holdings and Abu Dhabi based Apex Investments

Enercap by apex energy

PSC, have formed a joint-venture to build 16GWh per year manufacturing

Enercap, in collaboration with Apex Investment, is taking bold steps towards energy resilience with a 16GWh manufacturing capacity for graphene-based supercapacitor energy storage. This joint ...

Apex Energy Holding Limited will take 65% and Enercap SPV Limited 35% of the share capital in the joint-venture. Energy storage is a critical element of the

Enercap's proprietary storage solution, based on supercapacitor innovation, offers the world's first non-chemical, electrostatic energy storage

At Make it in the Emirates 2025, our decarbonization platform EpointZero signed a landmark agreement with Enercap by APEX Energy to acquire 1 GWh of next-generation energy storage. Powered by
