

Energy micro for sale

Consuming a quarter of the energy of competing products, the company's ultra low power EFM32 Gecko MCUs and EFR4 Draco radios target energy sensitive applications, including smart metering,

Silicon Labs has announced that it has signed a definitive agreement to acquire Energy Micro AS. Based in Oslo, Norway, the late-stage privately held company offers the industry's most

Micro+ wireless energy monitoring. The Micro+ energy monitor from OWL is the first of a new generation of home energy monitoring products. With its sleek, standalone design and wireless capabilities, it

The RC Micro 5.1 home theater system offers terrific performance and great features: The RC-Micro 5.1 home theater speaker system offers amazing

Energy Micro AS was a Norwegian fabless semiconductor company specializing in 32-bit RISC ARM chips. The company focused on ultra low energy consumption MCUs, SoC radios and RF Transceiver. Its EFM32 microcontroller families are based on the ARM Cortex-M0 or M3 processor core with a feature set for low power operation. It was acquired by Silicon Labs in 2013.

Energy Micro distributor Mouser Electronics is stocking Energy Micro mcus including the world's most energy friendly microcontrollers (MCUs) based on modern and powerful microprocessor architectures.

Energy Micro, the energy friendly microcontroller company, has announced availability of its EFM32 Gecko and Tiny Gecko product lines in a QFP64 package. The new 64-pin devices are particularly

Energy Micro has the largest portfolio of energy friendly 32-bit microcontrollers and radio transceivers for ultra low power applications. The EFM32 Gecko microcontrollers include the energy efficient ARM

Get the best deals for Energy Micro Speaker at eBay . We have a great online selection at the lowest prices with Fast & Free shipping on many items!

Energy Micro's ultra-low-power portfolio complements Silicon Labs' existing 32-bit Precision32(TM) mixed-signal MCUs and sub-GHz and ZigBee®; wireless RF products and targets a

Energy Micro is focused on developing the world's most energy friendly microcontrollers (MCUs) based on modern and powerful microprocessor architectures. Energy Micro designs its products to be

Sechs Jahre nach seiner Gründung ist das norwegische Startup Energy Micro schon wieder Geschichte - es wurde vom Halbleiterhersteller Silicon Labs gekauft. Warum Silicon Labs ein

Energy micro for sale

Silicon Labs has announced that it has signed a definitive agreement to acquire Energy Micro AS. Based in Oslo, Norway, the late-stage

Find many great new & used options and get the best deals for OWL Micro+ CM180 Wireless Home Energy Monitor (?TSE009-001) at the best online prices at eBay! Free shipping for many products!

"Silicon Labs and Energy Micro share a complementary vision of a greener, smarter, wirelessly connected world, and the foundation for this combined vision is ultra-low-power technology enabled

Silicon Labs, a leader in high-performance, analog-intensive, mixed-signal ICs, has signed a definitive agreement to acquire Energy Micro AS Based in Oslo, Norway.

About this item Micro 5.1 Home Theater surround speaker package of critical acclaim delivers high performance sound in elegant and unobtrusive package. Features 2.5-Inch Aluminum

Energy Micro's ARM®; Cortex™-M3 processor-based, EFM®;32 Tiny Gecko MCUs attempt to minimize the pain, at the same time enabling developers to monitor the energy
