When contacting EPC for support, please have

Streamline utility-grade solar and storage projects with the CAB1000. Its scalable 1.5 MW blocks integrate seamlessly for projects of any size.

EPC Power Completes 3,000th CAB1000 Inverter With manufacturing and support office locations in California, South Carolina, and Finland, EPC Power is proudly powering projects in Europe, Africa ...

The CAB1000 is a scalable power inverter that provides reliable energy conversion for applications of any size. Designed for both UL and IEC markets, it's the easy

GREENVILLE, S.C., Feb. 27, 2024 /PRNewswire/ -- EPC Power, a leading provider of power conversion solutions, is proud to announce the completion of its 3,000 th CAB1000 utility

EPC's main product lines include the 1.5 MW - 6 MW CAB1000 for utility grade applications and a new Silicon Carbide-based modular bi-directional converter for PV, BESS, and hybrid systems - the M

See manual for details Consult EPC Power for higher interrupt current requirements. Minimum available grid fault currents must be observed for proper operation of AC fuses. DC minimum voltage may be

The CAB1000 scalable platform has been developed to offer a straightforward and simple solution to developers of Utility-grade energy storage systems for both UL and IEC markets.

The sample selected to test was representative of the production. The sample was selected in: EPC Power Corp. 13250 Gregg Street Suite A-2 92064. Poway. California, USA
