????????????? ?????????????? ?????????? ??????????, ??

Converting amp hours (Ah) to kilowatt hours (kWh) involves multiplying the amp hours by the voltage of the  
battery system and then dividing

The real power P in kilowatts (kW) is equal to 3, multiplied by the power factor PF, multiplied by the phase  
current I in amps (A), multiplied by the line to neutral RMS voltage VL-N in volts (V), divided
