Currently, taxpayers carry some of the cost of neighbouring countries as well as the largest steel company in South Africa. Every year prices keep rising due to poor management, supply and demand.

Maxar Technologies was created in 2017 from the purchase of DigitalGlobe by MacDonald, Dettwiler and Associates (MDA), who renamed the company Maxar. The headquarters of the combined entity was then established in Westminster, Colorado. The company was dual-listed on the TSX and NYSE. In Q3 2018 Maxar's revenue and adjusted profit missed estimates due to a decline in its satellite manufacturing segment oriented towards geosynchronous Earth orbit communications, which led to a p
