Jains solar supplier

Jain Irrigation is largest company who has developed highly efficient permanent magnet Brushless DC motor, intelligent controller and data monitoring system.

Jain Irrigation Systems Ltd. is backed by strong in-house solar R& D team and qualified, experienced and expert engineers. Jain Irrigation System Ltd. is MNRE channel partner and also empanelled by a

Jain Solar Roof-Top Jain Irrigation Systems Ltd. is one of the ancient companies working in Solar Grid Connected Plants in India. Jains had installed its first solar grid connected plants in 2010-2011. Jains

Jain Irrigation Systems Ltd. is India"s largest vertically integrated solar EPC company with well established solar value chain right from solar module, appliances, structure manufacturing to

Jain Solar Powered Pumping systems are empanelled with MNRE. The JAIN PV solar panels & accessories required in Solar Pumping Systems are exculsively manufactured and supplied by us

Leading Solar PV Panel Manufacture now in India. Now get BIS Certified Solar System, PV Cells, and Other Solar Products at the best price.

Jains is the India first company to design, develop, manufacture, install and commission the solar hand pump for rural water supply in India. The range of solar hand pump is from 0.5 kW (0.75 hp) to 1.4

Jain BLDC Solar Pumping system, Portable, stand alone lighting unit consisting of SPV panel, Compact Fluorescent Lamp (CFL), sealed maintenance free battery with high efficiency electronic circuitry and

Under this project, Jain Irrigation will supply and install 5,438 solar pumps across various districts in Maharashtra, with a total project value of INR135 crore + GST.

Jain Irrigation Systems Ltd. is a more than 7000 Cr. Indian company working in business verticals like irrigation, water management, agriculture, food processing and solar is the India"s largest solar

Manufacturer of Solar Water Heating System is generally composed of solar thermal collectors, a fluid system to move the heat from the collector to its point of usage, Solar Water Heater, About Jain Solar

Manufacturer of Solar Water Heating System is generally composed of solar thermal collectors, a fluid system to move the heat from the collector to its point of usage, Solar Water Heater

Solar Home Lighting Powerpack System Jain Jyot offers you a wide range of Solar Power Packs suitable for

different applications. Jain Jyot power pack is a solar cum mains hybrid inverter with solar

JainFlex is one of the best Solar Cables Manufacturers and Supplier Company in Ahmedabad, Gujarat, India. Contact us for best deals.

It is a popular technology, used to heat water using solar energy. It converts solar energy into heat energy. Hence, these systems are also called as Solar Thermal Systems. Jain Solar Water Heating

Jain Irrigation Systems Ltd. is top most company in solar agriculture pumping systems. Jains have in house BLDC and AC solar pumps and solar pump controller manufacturing facility.

Our Company, Jain Irrigation Systems Limited (JISL) with it"s motto "Small Ideas, Big Revolutions" with more than 11,000+ associates worldwide and revenue of ~USD 831 MN+, is an Indian multinational

Jain Ground Mounted Structure Jains is the first Solar Power Plant company who registered its 8.5 MWp Solar Grid connected Plant under REC scheme in 2011.

Jain Photovoltaic Modules are made from high efficiency Mono / Multi Crystalline solar cells The cells used are of 14.0% to 17.5% efficiency. The cells are encapsulated in a low iron content, high

Jains is the India first company to design, develop, manufacture, install and commission the solar hand pump for rural water supply in India. The range of

Jains have vertically integrated, state of art, world class, ISO certified, in house solar pump, solar motor, solar structure and solar module manufacturing facility at its Jalgaon campus.

Solar Home Lighting System The Product A packaged home lighting system which can supply required power for 9 W / 11 W Compact Fluorescent Lamp (CFL) & 20 W Fan / TV (B& W)/ The unit consists of

Portable, stand alone lighting unit consisting of SPV panel, Compact Fluorescent Lamp (CFL), sealed maintenance free battery with high efficiency electronic circuitry and charging cable., Solar Pumping

At present, pump sets have been manufactured by overseas top solar pump-set industry leaders. They are tested and supplied & warranted by us and will also be serviced in India by our country-wide
