

New battery company

The DOE also awarded venture-backed battery recycling startup Ascend Elements \$125 million, alongside chemical manufacturing company

BYD has introduced its second-generation Blade Battery and FLASH charging system, claiming EVs can charge from 10-70% in five minutes. The company also plans 20,000 high-power

­In this article, we will be taking a look at the 21 next generation battery technology companies. To skip our detailed analysis of the next

Get 135-hour battery life and premium features like adaptive noise cancellation in Nothing's new \$199 over-ear headphones, now available for pre-order.

He said achieving qualification represented a significant milestone for the company and for any emerging battery raw material producer. Key interview highlights Cobalt Blue Holdings Ltd

Don't Miss Nyobolt's Game-Changing Fast-Charging Battery Innovations Learn how Nyobolt, a startup, is developing fast-charging, long-life lithium-ion batteries to enhance automation,

Form Energy will supply iron-air batteries for the 300 MW/30 GWh deployment, which the parties say will bolster Xcel's Upper Midwest grid with cost-effective multiday energy storage.

Tianneng Battery Group posted modest 2025 revenue and profit growth, with higher assets and equity strengthening its balance sheet. Tianneng Power cautioned that the unaudited

Explore 10 new lithium battery companies from 1.5K+ entrants, offering silicon anodes, second-life batteries, energy operating system & more.

Renascor Resources' half-year report underscores continued work on its South Australian mineral projects, led by the Battery Anode Material Project. The company stresses strong corporate

A deep dive into 80 leading battery startups. See how companies like Beta Technologies and SK on are innovating, with details on their investors and

From solid-state lithium-sulfur batteries to carbon-neutral recycling and smart battery management systems, these emerging companies offer high-performance, safer, and eco-friendly

BYD introduced its new Blade Battery 2.0 during its Disruptive Technology event on Thursday. The new

New battery company

EV battery boasts a pure electric range of over 1,000 km (621 miles) under CLTC

Chinese EV maker Nio has set up a battery unit in Shanghai to speed up the research and development of solid-state batteries. The company recently signed

Dublin, March 02, 2026 (GLOBE NEWSWIRE) -- The "Car Batteries Market Report 2026" has been added to ResearchAndMarkets 's offering. The car batteries market has experienced

LGES-Honda battery plant in Ohio reaches another major construction milestone with first steel on June 20, 2023. LG Energy Solution and Honda Break Ground

Chinese scientists have developed a new EV battery capable of delivering over 1,000 km (620 miles) of driving range with an energy density above 700 Wh/kg. China develops new ultra-high

Automotive cooling specialist PWR is benefiting from new Formula One rules that highlight the role of battery power.

The new handset will soon be available for purchase in the country via an e-commerce platform and the company's online store. It is offered in two colour options and three RAM and

Interest has been swirling since Donut Lab, a Finnish company, announced last month that it had a new solid-state battery technology, one that was ready for large-scale production.

American Battery Technology Company is uniquely positioned to supply low-cost, low-environmental impact, and domestically sourced battery metals through its three divisions: lithium-ion

Volkswagen's partner, Gotion High Tech, has begun testing all-solid-state EV batteries with a CLTC range of 1,000 km (620 miles) in vehicles. Gotion is scaling all-solid-state EV battery ...

Brill Power Limited is a company that develops intelligent battery management systems and technology to enhance the lifetime, performance and safety of lithium-ion battery packs.

The tech giant plans to fund enough new wind, solar, and long-duration storage to cover the project's power demand and avoid shifting costs to ratepayers.

New battery company
