

Reign power supplier

Reign Power Co., Ltd. was established in 1990. We manufacturer and designer of switching mode power supplies, battery chargers and converters for various applications.

Developing technology * 30 years" experience in power development, with a number of international patent achievements. * Industry elite, Ph.D.,

Reign Power was founded in March 1990 by a team of engineers with a specialism in switchmode power supplies. Based in Taiwan, Reign Power offer a variety of low-cost DIN Rail power supplies. Simply

LP1050D SERIES Green Power Standard/Din Rail Mounting Dual Purpose No-load Consumption is lower than 0.3W (No Display) Comply with High Efficiency Power 80Plus Criterion Comply with 2010.

Reign Power Range Selection Reign Power LP Series Reign Power"s signature range of DIN Rail Power Supplies add all of the conveniences needed for a simple DIN Rail solution, with modern looks and a

In March 1990, a group of professional engineers and a sales team started Reign Power Co., Ltd. Since then, Reign Power has focused on the inventory of switching power supplies, coupled with state-of

Traditionally, right range of output power of power supply can only be indicated by LED. However, this method is quite simple and rough, and is

Installation Guides Why choose optional Reign Power AC-DC power modules ? Why chose Output Monitoring Digital Display Rail Power ? Why using Reign Power Intelligent Power Supply ? Why the

Reign Power Co., Ltd. is a manufacturer of Switching Power Supply, Power Supply, Battery Charger, Laptop Battery Charger, Solar Battery Charger, Din Rail Series, Full Range Series, and Switchable

Reign Power Co., Ltd, a professional manufacturer, devoted to industrial use Din Rail power supply series, not only promote products" performance but also make price reasonable. Bu

Reign Power is a supplier of switching power supplies and power modules including AC/DC Din rail, external, LED, open frame, motor and standard devices. Reign Power also provides intelligent power

Reign Power is a switching power supplier. With the increase in market demand and continuous supply, Reign Power has over 1000 power supply models between 3 Watts to 1500 Watts.

The LP1150D-24MADA manufactured by Reign Power is a 150 watt 24Vdc Din-Rail power supply which

Reign power supplier

features a DC voltage monitor. Features- Din-Rail / Screw Mounting Dual Purpose- Complies with

Reign Power Co., Ltd. has, since 1990, focused on the inventory of switching power supplies, along with cutting-edge technology to ensure customer satisfaction

As CP Power works closely with Reign Power, we are able to offer competitive pricing for DIN Rail products and high quantities of units on low lead times. Whether you are looking for an in-stock

Product Description Reign Power RP1100-24F Power Supply, Input: 100~240V AC, 2.5 Amp, 50/60Hz, DC Output: 24V, 4.2 Amp Used, 30 day warranty included!

Company Introduction In March 1990, a group of professional engineers and a sales team started Reign Power Co., Ltd. Since then, Reign Power has focused on the inventory of switching power supplies,

REIGNPOWER concentrates on research and development, providing excellent technology. With flexible manufacture pattern and computerized management, eagering fullfill highest quility and best

With the increase in market demand and continuous supply, Reign Power has over 1000 power supply models between 3 Watts to 1500 Watts. To meet the objective of lowering cost and uninterrupted
