

Weco battery 5 3 kwh

WECO 5K3-XP 5.3kWh smart battery module with dual voltage (LV/HV) compatibility, built-in Wi-Fi, smart communication and up to 7000 cycles of life.

The new 5.3kWh, 48V WeCo XP lithium battery with modular system is one of the most versatile storage systems for application in isolated or self-consuming photovoltaic installations.

WeCo batteries are developed for domestic and industrial applications and can only be installed and maintained by experienced and qualified personnel, they are not produced for direct sale to individuals.

Weco Lithium batteries are designed in Italy, and combine state of the art battery and BMS technology with a smart wall-mounting enclosure which makes installation simple and straightforward.
